

Pen Caer Lan Solar Farm, Neath

Zone of Theoretical Visibility: LA.08-1
Bare Earth

- Key
- Site Boundary
 - 1km Buffers from Site Boundary
 - Bannau Brycheiniog National Park
 - Special Landscape Area

- ZTV: Bare Earth
- Minor part of the proposed development potentially visible
 - Moderate part of the proposed development potentially visible
 - Most of the proposed development potentially visible

- Public Rights of Way
- Footpath
 - Bridleway
 - National Cycle Route 43
 - St Illtyds Walk
 - Viewpoint locations

NOTE: ZTV calculated to the height of 3.25m to represent the 'worst case scenario'. The viewer eye-height for the ZTVs has been set at 2m above ground level. ZTV has been calculated using LiDAR composite DTM (Digital Terrain Model) with a spatial resolution of 2m. This was based upon a "bare earth scenario" i.e., no allowance has been made for the potential screening by existing buildings, woodland, trees, and hedgerows.
